### Did You Know?

Baltimore Co. Dept of R&P requires all fields to be cleared at the first sight of lightning or sound of thunder. No one is to return to the field until 30 minutes after the last sound of thunder and sighting of lightning. Please be safe!

### Artificial Turf Field Rules and Regulations for Recreation Programs

The installation of artificial turf fields creates new opportunities for recreation programming. Please be aware of the following rules and regulations for users and spectators of the artificial turf field at Hereford High School. We appreciate your cooperation.

- All volunteers, coaches, players, and parents should demonstrate respect for the facility, for HHS and Recreation and Parks personnel and for all posted rules and regulations.
- No Rec activities are permitted inside the gate unless a paid R&P staff person is on-site. In the event that a Hereford High School activity is utilizing the field, all athletes, parents, and coaches should wait outside the gate until the field is cleared for use (even if HHS is running into 'rec' time; they have priority).
- Water only. Flavored drinks, sport drinks, soda and coffee are NOT allowed.
- No food. This includes gum, fruit, team snacks, etc.
- Tobacco products are not permitted anywhere on school property.
- No pets will be allowed inside the stadium at any time.
- No one is permitted behind or under the bleachers.
- All spectators should be restricted to the fenced-in spectator area. Only coaches and athletes should be on the turf field.
- Athletes are not permitted on the track with cleats.
- The storage shed is strictly off limits to anyone other than paid personnel.

We appreciate everyone's help in keeping the facility safe and clean. Please pick up all trash and notify a staff person if you notice something is damaged during the course of recreation activity.
